With lush parkland, lakes and other communal areas, Jumeirah Village contains international schools, shops and community centres, providing everything required for a self-sustained 21st century lifestyle.

As the developer of more than \$30 billion of real estate in Dubai, Nakheel LLC has been instrumental in turning Dubai into one of the fastest growing cities in the world in the 21st century, and a world class destination for business and tourism.

The creator of a variety of landmark developments including The Palm, three man-made islands in the shape of palm trees and The World, a series of 300 man-made islands that collectively form the map of The World. When completed, Nakheel's developments will have added more than 1000 km of waterfront to Dubai.

Located between Emirates, Al Khail and Al Barsha Roads, the project is designed to be self-sustained and will include international schools, town and country clubs, community centres, jogging and cycling trails, sports and leisure facilities, and round the clock security, all providing a peace of mind.
